Executive Summary

We specialize in energy assessments of buildings, design and installation of renewable energy systems and particularly ground mounted and rooftop solar system, battery storage solutions. We also fabricate AC control cabinets and DC bus panels, etc.

Overview

- **Year Founded :** 2017
- **Operations Office :** 13, Owodunni Street Onipan Lagos.
- **Industries Served:** Banks, Oil & Gas, Schools, Manufacturing Industries, Residential etc.

Achievement

- Installed over 26,000 panels on roof-tops
- converted over 70 commercial buildings to solar

- Fabrication of a DC bus distribution panel used on over 400 commercial buildings
- Fabricated over 400 remote AC control cabinets for all the major solar firms.
- 120 + Project Completed

Our Service Offerings

Solar Installation

- ✓ Roof-Top Solar
- ✓ Ground Mount Solar
- ✓ Solar for Home System (SHS)
- ✓ Mini-Grid

Panel Fabrication

- ✓ AC Combiner Panel
- ✓ DC Panel
- ✓ PV String Combiner
- ✓ ATS Panel

SCADA System

- ✓ 11kV T-Line Network
- ✓ 0.415kV DT Network
- ✓ Scada for Solar System

Our Key Client

PORTFOLIO PROJECT

SME

Portfolio Project

Project
Gbangba Mini-Grid

Capacity
81.9kWp

Location
Niger State

Client
Engie Energy Access

Description

A total of 270 units of JA 375Wp solar panels and 6 units of 10kva Quattro and 3 units of 20kw Fronius PV inverters was installed

Portfolio Project

2

Project
Solar Hybrid System

Capacity
707.2kWp

Location
Oyo State

Client
Royal Power & Energy

Description

This project involves installation of **707.2 kWp** solar panels on the ground with **Jinko BESS** Containerized inverter room at State Government Secretariat Ibadan located at Oyo state .

Portfolio Project

Project

**Grid-tie Solar
Installation**

Capacity
996kWp

Location
Oyo State

Client
Shell | Daystar Power

Description

A total of 2,548 units of Jinko 550Wp solar panels and 12 units of SMA SHP solar inverters was installed

Portfolio Project

Project

**Grid-tie Solar
Installation**

Capacity

1502kWp

Location

Kaduna State

Client

Shell | Daystar Power

Description

A total of 2252 units of Jinko 715Wp solar panels and 26 units of Huawei SUN 2000-50KTL-M3 solar inverters was installed.

Portfolio Project

Project

**Grid-tie Solar
Installation**

Capacity

1300kWp

Location

Lagos State

Client

Shell | Daystar Power

Description

A total of 2360 units of Jinko 545Wp solar panels and 14 units of SMA SHP solar inverters will be installed

Our Vision and Mission Statement

Vision

01

To become African's leading expert in solar installation, maintenance and energy efficiency service offered at best price

Mission

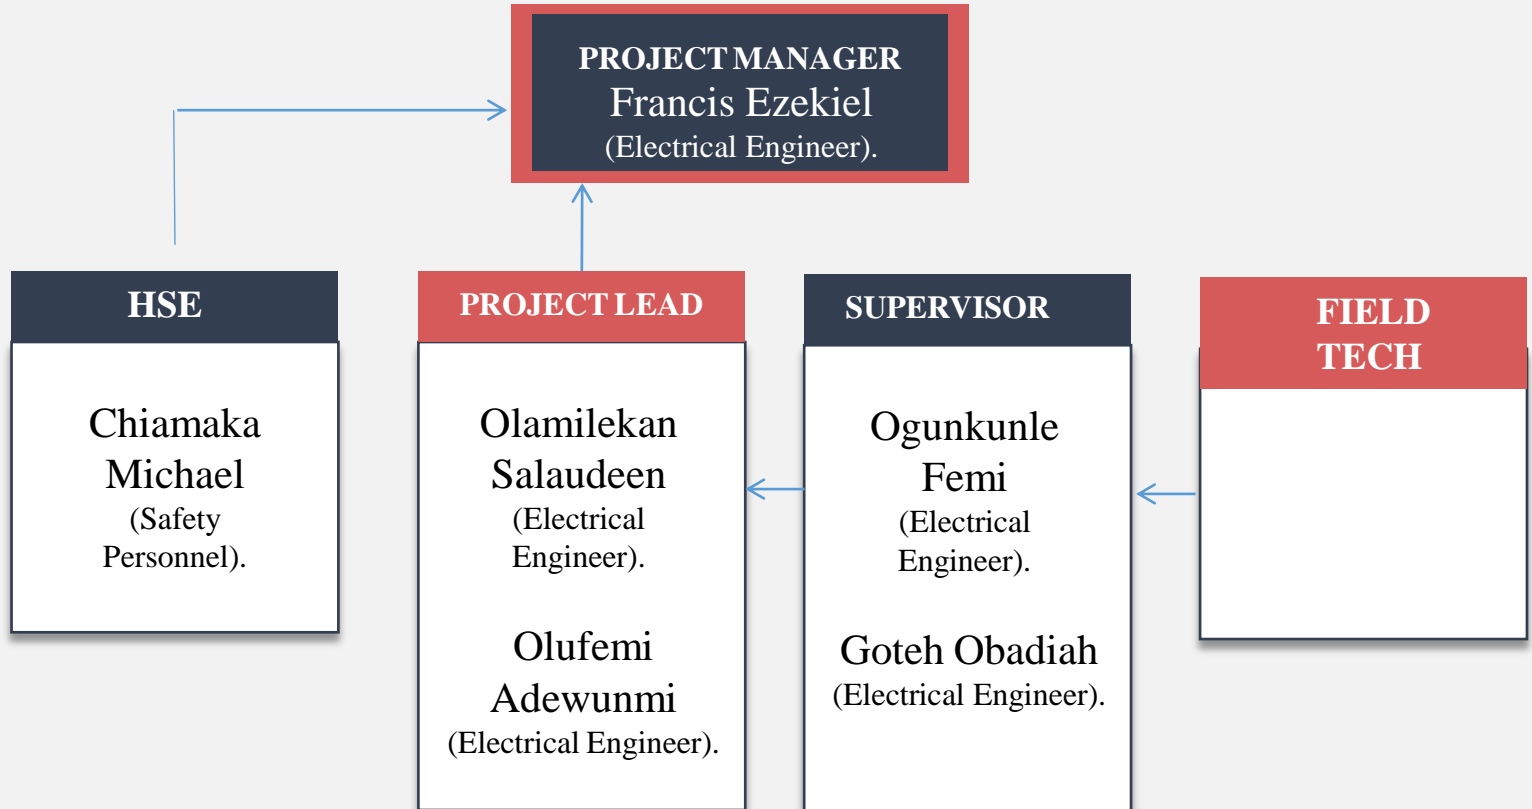

02

To promote renewable energy . The company has a results-oriented approach for all of our clients and partners, which is why we aim for the realization of energy sustainability following the most efficient and optimal approach.

Project Organization Team

Best Safety Practices 2020-2021

Other Recommendations

- Best Safety and Time Management 2022
- Dedicated Team work 2022
